## **APRIL IS ANTI-FRAUD MONTH**

If you suspect that a relative or friend is being targeted by unscrupulous telemarketers. What you can do?

Watch for any of these warning signs:

- A marked increase in the amount of mail with too-good-to-be-true offers.
- Frequent calls offering get-rich-quick schemes or valuable awards, or numerous calls for donations to unfamiliar charities.
- A sudden inability to pay normal bills.
- Requests for loans or cash.
- Banking records that show cheques or withdrawals made to unfamiliar companies.
- Secretive behavior regarding phone calls

Protect yourself from not giving out credit card or banking information over the phone. If it sounds too good to be true it probably is. If the person won't take "No" for an answer. If they want cash only, cash is untraceable. Make sure the company is legitimate. The best thing you can do if you're not sure is hang up.

**It's not rude - it's smart!**

**If you think you've been a victim of fraud you can call:**
