THE CORPORATION OF THE TOWN OF SPANISH ZONING BY-LAW EXPLANATORY NOTE

Explanatory Note

The purpose of this By-law is to implement the Official Plan of the Town of Spanish and to regulate the use of land and the character, location and use of buildings and structures in the Town of Spanish. This By-law applies to all land within the Town of Spanish.

The By-law is passed by the authority of Section 34 of the *Planning Act*. The By-law conforms to the Official Plan for the Town of Spanish.

After the date of adoption of this By-law, any new development, redevelopment or alteration to an existing use or building must comply with the regulations of this By-law before a building permit can be issued. Applicants are encouraged to pre-consult with the Town on how the zoning regulations apply.

Changes to the regulations contained in this By-law may be made with prior approval from the Town as provided for under the *Planning Act*. Significant changes may require an amendment to the Zoning By-law. Minor variances to the By-law may be granted by the Town's Committee of Adjustment.

No person or public body shall submit an application for an amendment to this by-law before the second anniversary of the day on which this by-law was passed unless Council has declared by resolution that such an application is permitted in respect of a specific application, a class of applications or in respect of such applications generally.

Minor Variances

Criteria for evaluating Minor Variances (section 45(1)) of the *Planning Act*:

- (1) The general intent and purpose of the Official Plan are maintained;
- (2) The general intent and purpose of the Zoning By-law are maintained;
- (3) The variance is minor; and
- (4) The proposed use of land, building or structure is desirable for appropriate development.

An application for a minor variance must meet all of the above four tests to be approved. Where a proposed variance is not minor or cannot satisfy the criteria for a minor variance, an amendment to this Zoning By-law may be required. Applications are available from the Town office or on the website www.townofspanish.com

How long does a minor variance application take to be approved?

Upon the receipt of a complete application a minor variance application usually takes 1-2 months to complete. The level of complexity and issues related to the proposal will affect the time line.

Zoning By-law Amendments

The Zoning By-law may be amended where the proposed amendment complies with the Town's Official Plan. In accordance with the requirements of Section 34 of the *Planning Act*, the usual procedure for amendments involves the following steps:

- (1) The person or public body wishing to amend the Zoning By-law must consult with the municipality before making an application. The application may then be made to the Clerk of the Corporation of the Town of Spanish to amend the By-law under (subsection 34(10.0.1) of the *Planning Act*). Applications are available from the Town office and may be posted on the website www.townofspanish.com
- (2) Designated staff will determine whether the application is a 'complete' application. Additional information, reports or studies may be required to support the proposed amendment before the application is considered complete. Applicants are required to submit a public consultation strategy as part of the application. Council has 30 days from the date of application to determine whether the application is complete (s. 34(10.1-10.3)). A complete application also requires that the Town's application fee is paid.
- (3) Once the application is considered complete, staff circulates to the applicant and prescribed agencies and bodies a Notice of Complete Application (s. 34(10.4)). If Council deems an application incomplete or does not make a decision within 30 days from the date of application, the person or public body may appeal to the Local Planning Appeal Tribunal (LPAT) to determine whether the application is complete (s. 34(10.5)).
- (4) If an application is considered complete, Council advertises that a Public Meeting will be held in order to consider the amendment to Zoning By-law. Advertisement is given 20 days in advance of the public meeting (s. 34(12-13, 14.1)). The advertisement may be placed in the local newspaper, or may be mailed, faxed or emailed to all property owners within 120 m of the property affected by the application. Where the notice is mailed, the applicant must also post a notice in a location that is visible from the adjacent street.
- (5) Council holds a Public Meeting and evaluates the appropriateness of the proposed amendment. Council considers the proposal's conformity with the Official Plan, adequacy of municipal services and public use facilities, conformity with the provisions of the requested zone, suitability of the proposed use in the proposed location, public opinion, etc. The application must also be consistent with the Provincial Policy Statement and must also comply with the Growth Plan for Northern Ontario. If the application is considered satisfactory, the amending By-law is passed by Council.
- (6) Within 15 days of the passing of the by-law, the Clerk will give written notice of the decision through a notice by mail, fax or email to the applicant, to the Ministry of Municipal Affairs and Housing (Sudbury), and to anyone who made a written request to receive notice of a decision and the applicant (s. 34(10.9, 18)).
- (7) If Council refuses the application and does not amend the by-law, the Clerk must give written notice with reasons for the refusal to the applicant. The notice must be given within 15 days of Council's decision.
- (8) Any person who gave their opinion at a public meeting or who submitted their concerns in writing to the Clerk before the by-law was passed may appeal the decision of Council to

the Local Planning Appeal Tribunal. The appeal must be filed with the clerk within the 20 day appeal period set out in the notice of the passing of the by-law being given of approval to the amendment to the Zoning By-law (s. 34(19)) and must include a cheque for \$300 payable to the Minister of Finance. If a person does not make an oral or written submission prior to council passing the by-law, they may not appeal Council's decision.

- (9) If Council refuses to approve the application or Council does not make a decision within 150 days from the date the application the person or public body may appeal to the Local Planning Appeal Tribunal (s. 34(11)). An appeal of a refusal must be made within 20 days of the date of the decision or within 20 days of the lapsing of the 150-day period (s. 34(11, 11.0.2)).
- (10) Where an appeal is made, Council may opt for mediation or dispute resolution to resolve the objection by giving notice to the appellant(s) (s. 34 (20.2). Participation by the appellant(s) is voluntary but where agreed to, the period for mediation is 75 days.
- (11) An amendment to the Zoning By-law takes effect on the day the by-law was passed where no appeal is filed.
- (12) If a decision or lack of a decision is appealed to the Local Planning Appeal Tribunal, the Tribunal can make any decision the Council of the Town had in regard to the specific application (s. 34(26)). In other words, the LPAT can approve, or refuse the application or approve the application in part.

How long does a zoning By-law amendment take to be approved?

Upon the receipt of a complete application (including any required supporting studies); a zoning By-law amendment usually takes 2-3 months to complete. The level of complexity and issues related to the proposal will affect the time line.

How to Use this By-law

Step 1 – Locate Your Property and Determine the Zone

Use the zoning schedules (maps) at the end of this document to locate the property you are interested in. Identify the zone symbol that applies to that property. Zone examples include R1, R, M1, and C1.

Step 2 – Verify status of any Zoning By-law Amendments

A Zoning by-law is not a static document; it is amended over time as demands and policies governing land use change. Before proceeding any further, you should verify that your property is not the subject of an earlier Zoning By-law Amendment. While the Town strives to keep the By-law up-to-date, more recent amendments may not be included in the version of the By-law you are using. Town staff will be able to assist you to confirm if your property has been the subject of a more recent amendment.

Step 3 – Determine What Uses are Permitted in the Zone

Use the Permitted Uses section of your Zone to determine what use(s) is/are permitted in the Zone you have identified. Run your finger down the list to find the use you are interested in. If you find the use you are interested in, it is permitted in the Zone. Otherwise, it is not permitted in that Zone.

Step 4 – Determine What Zone Regulations Apply

Once the use is determined to be permitted, move down to the Zone Regulations section. In this section the regulations will indicate what the minimum regulations will be, i.e. minimum lot area, lot frontage, building setbacks etc. These standards will help you determine where you can locate a building or structure on your lot.

Step 5 – Determine if any General Provisions Apply

Development of the property may be affected by Section 4 (General Provisions). General Provisions can apply to any zone anywhere in the municipality. This section contains provisions that apply to such matters as Accessory Uses, Height Exceptions, Home Based Businesses, etc. Use this section to determine how a particular land use might be affected.

Step 6 – Clarify the Meaning of a Use

Throughout the By-law some words are shown in ***black italicized script***. These words are defined in Section 3 (Definitions). If you are unsure as to what a particular word means or what the scope of a permitted use includes, then refer to the alphabetical list of definitions to assist you. This section also contains illustrations which are intended to help with understanding the definition.

Section 1 ADMINISTRATION

Explanatory Note

Section 1 identifies the administrative controls and requirements of the By-law. It names the By-law, states its relationship with other By-laws, defines the area to which it applies, how it is to be enforced, etc. In essence, it identifies the legal parameters within which the By-law functions.

1.1 Title

This By-law shall be known as the Zoning By-law or By-law No. 2018-62 of the Corporation of the Town of Spanish and shall consist of the text and one or more schedules attached hereto.

1.2 Application and Building Permits

In addition to the requirements of the Town of Spanish Building By-law, every planning application or application for a building permit shall be accompanied by information required to determine compliance with this By-law. The regulations of this By-law must be met before a building permit is issued by the **Municipality** for the erection of any **building** or **structure**.

For example, a site plan drawn to scale should be prepared which illustrates

- *The true dimensions of the lot to be built upon;*
- *The proposed location, height and dimensions of any proposed building or structure;*
- *The setbacks of all existing and proposed buildings or structures from the nearest lot lines, the location and dimensions of parking spaces (conventional and barrier-free), parking aisles, parking areas and loading spaces;*
- *The location of sewage disposal systems and/or wells on the property and/or on abutting properties;*
- *Where the proposed building is to be used for residential purposes, the location of all livestock facilities within 0.5 km [0.31 mi] of the proposed dwelling.*

1.3 Defined Area

The provisions of this By-law shall apply to all lands within the municipal boundaries of the Corporation of the Town of Spanish.

1.4 Enforcement

This By-law shall be enforced by the **Clerk** or such other **persons** as may from time to time be designated by Council, and no permit for the use of land or for the erection or use of any **building** or **structure** or approval of application for any municipal license within the jurisdiction of the **Council** shall be issued or given where the proposed building, structure or **use** would be a violation of any provision of this By-law.

1.5 Penalty

Any **person** who contravenes any provision of this By-law is guilty of an offence and upon conviction is liable to the fine(s) as provided for under the *Planning Act, R.S.O., 1990, c. P.13*, as amended.

1.6 Validity

A decision of a Court stating that one or more of the provisions of this By-law are invalid in whole or in part does not affect the validity, effectiveness, or enforceability of the other provisions or parts of the provisions of this By-law.

1.7 Other By-laws, Licenses, Permits and Regulations

Nothing in this By-law shall exempt any **person** from complying with the requirements of any other By-law in the Town of Spanish, or from applying for and obtaining any permit, license, permission, authority or approval required by this or any other By-law or regulation of the **Corporation** or by any requirement of the Province of Ontario or the Government of Canada.

1.8 Conflict

In the event of a conflict between this By-law and amendments thereto, and any general or special By-law, the most restrictive By-law shall prevail.

1.9 Effective Date

This By-law shall take effect from the date of its passage by Council, subject to the provisions of the *Planning Act*.

1.10 Metric and Imperial Terms

The imperial measurements contained in this By-law are included for convenience and do not form part of the By-law. The metric measurements contained in this By-law are the only measurements to be used in determining compliance with the By-law.

1.14 Repeal of Existing By-laws

Upon this By-law coming into effect, any zoning By-laws or amendments thereto passed under Section 34 of the *Planning Act* or a predecessor thereto are hereby repealed. The adoption of this By-law shall not prevent any current, pending or future prosecution or action to abate any existing violation of previous By-laws.

The adoption of this By-law shall not prevent any pending or future prosecution of, or action to abate any existing violation of the said By-laws if the violation is also a violation of any of the provisions of this By-law.

1.15 Reference to Legislation

Where this Zoning By-law makes reference to legislation, then the references shall be deemed to mean the statute currently in force and any amendments thereto and all applicable regulations thereunder.

1.16 Technical Revisions to the Zoning By-law

Revisions may be made to this by-law without the need for a zoning by-law amendment in the following cases:

1. Correction of grammar or typographical errors or revisions to format in a manner that does not change the intent of the By-law.
2. Adding or revising technical information on the zoning maps or schedules that does not affect the zoning of lands including, but not limited to, matters such as updated and correcting infrastructure information, keys, legends or title blocks.

Once these uses cease to exist, such legal conforming status will be lost and such uses will no longer be permitted. Existing Category "C" land uses in Table 1 located in Zone 3 may be expanded by amendment to this by-law where they comply with the performance standards set out in the Official Plan.

5.4 Holding Zone “h” Designation

Any **zone** classification may be placed in a Holding Zone by adding to the zone symbol the letter “h” where conditions set out in the official plan must be met before development is **permitted**. No development is **permitted** on lands where the “h” symbol appears until the applicable conditions have been met and the “h” is lifted by an amendment to this By-law under Section 36 of the *Planning Act*.

5.5 Interpretation of Zone Boundaries

When determining the boundary of any **zone** as shown on any Schedule forming part of this By-law, the following provisions shall apply:

6. A boundary indicated as following the limits of the **Municipality** shall follow such limits.

In the event a dedicated **street, lane** or right-of-way shown on any Schedule forming part of this By-law is closed, the property formerly in such **street, lane** or right-of-way shall be included within the zone of the adjoining property on either side of such closed **street, lane** or right-of-way. If a closed **street, lane** or right-of-way is the boundary between two or more different zones the new zone boundaries shall be the former centre line of the closed street, lane or right-of-way.
8. Where any **zone** boundary or a dimension is left uncertain after the application of the above provisions, then the boundary or dimension shall be determined from the zoning schedule using the scale bar thereon.

5.6 Exception Zones

The zone classification set out in Section 5.1 shall be deemed to include any exception zone set out in Section 24 of this By-law and each exception zone is deemed to be a separate zone and shall be interpreted to include any relevant or applicable provision of this by-law as may be required to enforce or interpret the provisions therein.
